# SUNDAY SCHOOL NEWS

C.S. Lewis said of Jesus on the cross;  
"This is the diagram of Love Himself, the inventor of all loves."  
-The Four Loves

Well, it was during Sunday Night Lights! our 5pm Sunday School class this week that a four year - old very quietly held up her painting of the cross to the astonishment of the teens and adults in the classroom.

It was simply perfect. It said everything. And indeed it was a perfect diagram.

"Di-a-gram" N. a simplified drawing showing the appearance. Structure or workings of something. V. Represent something in graphic form.

We had been comparing all the wood Noah used for the ark; Jett Aston estimated 20,000 tons to save his family of 100 (we made Father Mark worked the math on that) - to the two planks Jesus used to help him save the whole of mankind.

We spoke of the naughty people who were drowned in the most epic flood of all time and how Jesus did things a bit differently. And this is so clearly communicated in 4 year-old Alia Scanlon's amazing

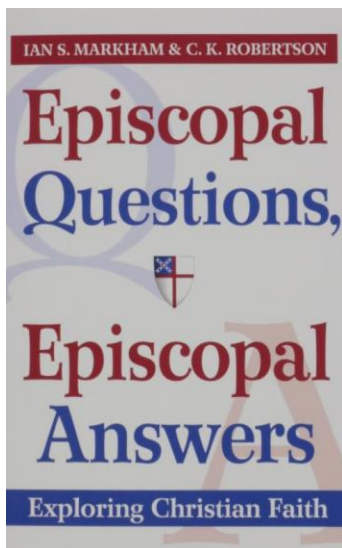

painting. The orange represents the naughty people and the green the good people all beloved and held dearly by Jesus. It looks as if the horizontal arms of the cross are Jesus's arms too clutching the good and bad to His Heart.

And the strength of the vertical plank says I will hold you for eternity-nothing can take you from me no matter what. Love wins. And yes, We are love Himself.
