

## St. John's Sunday School Summer Program

Sundays at 9:30 am  
in the Memorial Garden  
(or Parish Hall if inclement weather)  
July 11<sup>th</sup> - August 22<sup>nd</sup>

### *Miracles & Mountaintops Summer of the Explorer*

**Ages 3 years - 12 years  
13 years and up may intern**

Like the greatest explorers we will travel to the places in the Bible where huge things happened!

Things that impact our lives today and things that will help you navigate your world with Godfidence and impact others with your God experience.

Like mountain climbers need ropes and crampons, sailors need wind and sail, and swimmers need powerful lungs — we will find, learn from, and practice the secrets of those who have come to know God from the highest mountain tops (Moses), to a dark jail cell (St. Paul), to the inside of a whale (Jonah).

We will visit Mt. Everest, Antarctica as well as sites in the Holy Land where the world found God.

We will spend time on Moses Mountain of the Tablets and with Jesus — where he gave the Sermon on the Mount.
